

COPILOT CDE

for KUAN / BEAM / SPARK

Revolutionizing Coin Deposit with Copilot CDE

A woman with braided hair, wearing a blue button-down shirt and a dark vest, is smiling warmly at the camera. She is standing behind a counter in what appears to be a retail store, with shelves of products visible in the background. A name tag is pinned to her vest.

Embrace the future of streamlined coin management, where functionality enhances efficiency.

Introducing our revolutionary Coin Deposit Side-car featuring Escrow, designed to elevate coin management across industries. MA's newly developed Copilot CDE seamlessly integrates with MA's CDS line - KUAN / BEAM / SPARK Cash Deposit System, offering speed, accuracy, and convenience in cash automation for retailer back offices.

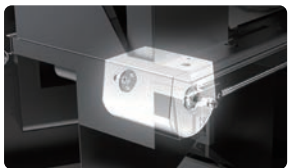

With features like high-speed depositing, automatic coin feeding, and reliable counterfeit detection, it transforms coin handling into secure, efficient, and empowering retailers to focus on what matters most - the business.

All transactions are automatically invoiced in real-time to MA's mCloud upon completion, capturing detailed information including shift data, depositor details, deposited/withdrawn amounts, device location, and device status.

Accurate and High-Speed

Utilizes advanced sensors to reliably identify counterfeit coins. Processes up to 500 coins perminute, enhancing efficiency.

Escrow Functionality

Temporarily stores coins before confirmation, enabling cancellation and coin return for flexibility. Capacity at appr. 200 pcs of EUR 1

Automated Coin Feeder

Simplifies processing through automatic coin feeding. Universal Coin Acceptance Compatible with both round and polygonal coins for versatility.

Multiple Currencies Supported

Individual currency options available for diverse demand from different markets

Coin Box

Designed for convenient collection by using fabric bag, simplifying the CIT process.

Real-Time Transaction Reports

All transaction are uploaded to mCloud. Stay updated with instant device status, repor, event notification and many more.

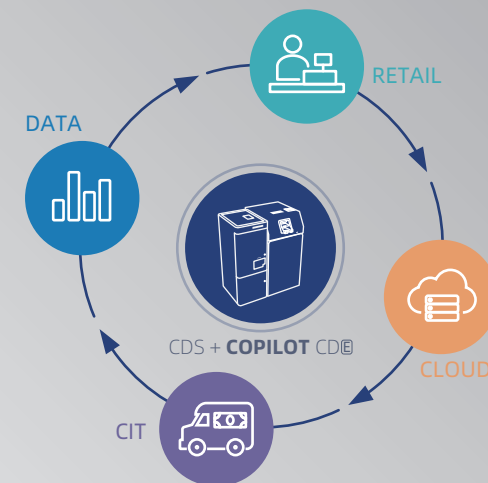

Anchoring

Featuring optional anchoring bracket for better security and installation.

Sound Damper

Lower the noise from processing coins, delighting user experience and more tranquil operation.
